

📌 How to Write a Great Software Tester Resume?

📌 You have only less than 7 Seconds

- <https://www.hrdive.com/news/eye-tracking-study-shows-recruiters-look-at-resumes-for-7-seconds/541582>

📌 Some Important Points to Take Care

- Go with the 1 page resume always.
- Go with the Standard RESUME pattern with Twist (Hook)
- Humble Bragging about your qualities.
- No claiming for experts
- 📌 Don't write if you don't know
 - No lies
- No copy paste from the Job description.
- 📌 Discuss Numbers
 - Talk numbers and what action you did
 - Introduced the Docker based Containers Automation CI/CD and reduced the time of release cycle for the frontend release.
 - Increase Automation Coverage by 5%.
- **Important things should be highlighted.**
- **Clearly see What you are doing right now**
- **Projects recently**
- **Which language, Tools, Framework, Companies**
- **College info , GPAs.**
